Dave,

Thanks for offering to write-up in bullet format the SRF process used to add projects to an existing IUP. The spreadsheet that you discuss with Jane will be excellent.

Within the context of what you are preparing, following are questions that have been raised during the SRF review process:

- 1) How is an addition of a \$500m project a minor change (see ENB) to the IUP/project list? Is it taking funds away from other projects?
- 2) What does the Operating Agreement say about Section 320 projects?
- 3) How is the NYS Thruway Authority a Category C entity? Has the NYSTA received SRF funding previously? If yes which category?

Thanks,  
Steve

Dave,

Thanks for the explanation of the process for adding projects you had with Jane this morning. Jane just offered to do a write-up. When she is finished we will send it to you for review.

Regards,  
Steve
